WHO WE ARE

OSQ GROUP is the largest manufacturer of craft food packaging in Russia and the CIS. It's a brand boasting European quality and fully Russian manufacturing.

The history of our brand dates back 16 years ago. Here are our key figures:

> 150

stock items in our range

> 10,000

satisfied clients across the globe

> 13 BILLION

packages already produced

> 65 COUNTRIES

export geography

> 200

distributors worldwide

> 6

branches both in Russia and abroad

> 30,000 M²

of warehouse facilities

> 400

qualified employees

OUR VISION

We pioneered the kraft packaging market in Russia and remain its leading force. We inspire others to embrace eco-friendly packaging within the food industry.

Innovation, functionality, practicality and convenience—these are the core strengths of OSQ GROUP packaging, delivering real value to our partners and end consumers alike.

OUR MISSION

We supply the market with premium, eco-friendly and safe packaging. Our mission is to enhance the efficiency of our clients' businesses through innovative packaging solutions—and to make the planet cleaner by preserving nature for future generations.

OUR VALUES

Sustainable

We care about the planet's future and create products that empower everyone to protect the environment and preserve it for generations to come.

Always Moving Up

We are constantly evolving. Every day, we strive to perform better than the day before. For us, success knows no boundaries.

Team

A team of like-minded individuals built on trust, support and effective collaboration unlocks each person's potential, creating synergy for collective success.

Innovative

We don't just follow trends—we set them. Our creativity and attention to detail fuel the dynamic growth of the entire industry.

Professionally responsible

We combine efficiency, safety and quality with our expertise and passion for the craft, ensuring exceptional results.

Production Facilities

We operate two high-tech, full-cycle production facilities, equipped with state-of-the-art imported machinery and automated quality control systems.

REGIONAL WAREHOUSE NETWORK

OSQ Group maintains substantial reserves of raw materials and operates warehouses stocked with finished goods in all regions where it operates. This ensures swift and uninterrupted supply of packaging products to our partners across Russia.

CUSTOM DESIGN

With a diverse range of machinery and extensive manufacturing capabilities, OSQ Group can independently produce packaging with bespoke designs, eliminating the need for external contractors.

ENGINEERING & DESIGN DEPARTMENT

We have a highly advanced R&D department, delivering innovative and unique products to the market. We develop and patent our own solutions, safeguarding innovation at every stage.

DELIVERY IN RUSSIA AND THE CIS

Thanks to our well-established supply chain, we guarantee fast and cost-efficient delivery anywhere in the world. We have built an extensive network of suppliers and regional offices to provide effective logistics for our global clients. Our experienced logistics department works closely with the sales team to recommend the most suitable delivery method, aligned with your preferred timelines.

1. For detailed delivery terms, please contact your key account manager.

BENEFITS OF WORKING WITH US

WE ARE MARKET PIONEERS AND LEADERS!

We have 16 years of expertise and established, stable and refined technology.

BROAD RANGE OF PRODUCTS

We cover any customer need with over 150 stock items available.

STABILITY

We have a centralised, uninterrupted supply of raw materials from a Russian high-quality cardboard supplier.

IN-HOUSE PRODUCTION

We are full-cycle manufacturers. We design and manufacture our products at our own production facilities.

DELIVERY GEOGRAPHY

Extensive distribution network with branches across Russia and globally, and large warehouses

WE ARE ECO-FRIENDLY

In addition to recycling surplus raw materials, we actively engage in dialogue with government bodies to advocate for subsidies for eco-projects.

Guaranteed quality and food safety

We hold the broadest set of international certifications on the market, including FSCC 22000. Our quality control spans every stage of production, supported by in-house laboratories and rigorous audits.

We provide the highest level of customer service

We have the highest percentage of returning clients and years of successful collaboration. As a strategic partner, we are committed to addressing even the most complex and varied client needs.

Tailored, client-focused approach

Our team is ready to deliver projects of any complexity, including fully bespoke solutions. All our specialists—from designers to shift supervisors—are highly qualified professionals with proven expertise.

Only ethical and respectable business practices

We adhere strictly to a code of business ethics, ensuring full transparency and integrity in our operations.

OUR PRODUCT LINES

BOWL LINE

Cardboard bowls for soups, salads and ice cream

SHOWCASE LINE

Sturdy containers and trays with transparent lids

BOX LINE

Versatile packaging for food and handmade products

READY TO GO LINE

Boxes for takeaway and Asian cuisine

STREET FOOD LINE

Packaging for street food festivals and grab&go formats

FAST FOOD LINE

Classic packaging for serving and delivering fast food

SANDWICH & SALADE LINE

Packaging for salads and sandwiches—suitable for retail shelves and delivery

BAKERY LINE

Confectionery packaging

BOWL LINE

CASE BOWL®

OSQ CASE BOWL®: An innovative packaging solution that instantly stands out thanks to its modern, distinctive design. The integrated barrier layer prevents leakage and soaking, ensuring a clean appearance and a high standard of food presentation. Containers are easy to stack and fit snugly together. The OSQ CASE BOWL is compatible with a dome lid, creating additional headspace and allowing even bulky dishes to be packaged with ease. Suitable for the agro-industrial sector, restaurants, cafés and delivery services. The lid clicks into place in a single motion and remains securely fastened.

Temperature range

from -30°C to +70°C

Suitable for blast freezing

Microwave-safe

No assembly required

Extensive branding potential

Suitable for hot and cold meals

Easy to stack

Film-sealable

Recyclable packaging

Available in two sizes

Versatile packaging solution

Moisture-resistant interior and leakproof base; withstands oil and grease

Secure lid closure

*Plastic lids must be removed before microwaving. Maximum microwave power: 800 W. Maximum heating time: 2 minutes

SHOWCASE LINE

OCTOBOX

The OSQ OCTOBOX container range features a patented design, made from pure cellulose cardboard with an internal barrier coating. Eight reinforced corners ensure structural strength and resistance to physical impact. OSQ OCTOBOX comes in a wide range of sizes, offers compatibility with two types of lids, and can be sealed with film. Customisation options help your product stand out from competitors. Perfect for hot and cold dishes, berries, fruits, nuts, frozen goods, ready meals, catering services, and HoReCa

SMART PACK

The perfect solution for display and delivery. The OSQ SMART PACK is designed to showcase your product—its key feature is a large transparent window that highlights the contents inside. The double-layer laminated cardboard offers enhanced protection against grease and moisture. Secure locking mechanisms (the lid clicks shut audibly) ensure a firm seal. OSQ SMART PACK elevates your product presentation and positions it in the premium segment. Ideal for bento cakes, pastries, salads and ready-to-eat main courses.

BOX LINE

BOX LINE

An extremely versatile solution, suitable for a wide range of food products as well as gift items, industrial goods, hobby materials, jewellery, and more. The large window for product visibility reveals every detail of the contents, helping your product stand out on the shelf. Constructed from rigid kraft cardboard, the box provides 100% protection during transport. Delivered flat-packed, it assembles in just 5–10 seconds with three simple folds. The laminated inner coating guards against grease. This line includes the most in-demand sizes, adapted to various volumes and weights.

Temperature range

from -30°C to $+70^{\circ}\text{C}$

Suitable for blast freezing

Quick-assembly design

Easy to stack

Extensive branding potential

FAST FOOD LINE

FAST FOOD LINE

The FAST FOOD LINE offers well-designed kraft packaging solutions developed specifically for fast food dishes. We have developed an optimal design that takes into account the specific characteristics of the products and their consumption scenarios. Our packaging ensures reliable protection during transport, preserving the original appearance and quality of the contents. These packaging solutions are convenient for manufacturers as they minimise labour during packing; and for consumers as they ensure comfort and safety during eating. Kraft packaging is suitable for restaurants and cafés as well as for off-site events, festivals and deliveries.

READY TO GO
LINE

READY TO GO LINE

The READY TO GO line is a multifunctional packaging solution that is perfectly suited for delivering any type of meal. It covers every detail: secure locks protect the contents from falling out, rigid cardboard adds structural strength, and the grease- and leak-resistant barrier keeps the packaging intact during transport. The range offers a wide selection of formats and sizes. Ideal for catering, picnics and events, these containers can replace traditional tableware, saving both time and effort. Each item can be customised to enhance its market positioning.

BAKERY LINE

BAKERY LINE

Dessert goes straight to the heart! Likewise, our BAKERY LINE packaging solutions care for your product and leave a lasting impression on your customers. This is stylish and functional kraft packaging for confectionery and desserts. Transparent windows highlight the contents, helping your product stand out and adding visual appeal on the shelf. A broad choice of shapes and sizes helps showcase the individuality of your products while ensuring reliable protection for desserts. BAKERY LINE has the right packaging for every product. For example, OSQ MUF showcases muffins and cupcakes perfectly. The OSQ MB packaging is made specifically for macarons, featuring an additional insert for easy removal of mini pastries.
