WHO WE ARE

OSQ GROUP is the largest producer of food-grade kraft packaging. A brand that delivers European quality through fully in-house production: from raw material to finished product.

The history of our brand dates back 17 years ago. Here are our key figures:

> 150 stock items in our range	> 10,000 satisfied clients across the globe
> 13 billion packages already produced	> 65 countries export geography
> 200 distributors worldwide	> 6 branches both in Russia and abroad
> 30,000 m ² of warehouse facilities	> 400 qualified employees

OUR VISION

We pioneered the kraft packaging market in Russia and remain its leading force. We inspire others to embrace eco-friendly packaging within the food industry.

Innovation, functionality, practicality and convenience—these are the core strengths of OSQ GROUP packaging, delivering real value to our partners and end consumers alike.

OUR MISSION

We supply the market with premium, eco-friendly and safe packaging. Our mission is to enhance the efficiency of our clients' businesses through innovative packaging solutions—and to make the planet cleaner by preserving nature for future generations.

OUR VALUES

Sustainable

We care deeply about the planet's future and create products that empower everyone to protect the environment and preserve it for generations to come.

Always Moving Up

We are constantly evolving. Every day, we strive to perform better than the day before. For us, there are no limits to success!

Collaborative

A team of like-minded individuals built on trust, support and effective collaboration unlocks each person's potential, creating synergy for collective success.

Innovative

We don't just follow trends—we set them. Our creativity and attention to detail fuel the dynamic growth of the entire industry.

Professionally Responsible

We combine efficiency, safety and quality with our expertise and passion for the craft, ensuring exceptional results.

PRODUCTION COMPLEX

Our full-cycle production facilities are equipped with cutting-edge, modern technology and an automated quality control system.

production

MENA/ Caucasian / Central Asia

production area

15,000 m²

packages per month

80 million units

CUSTOM DESIGN

With a diverse range of machinery and extensive manufacturing capabilities, OSQ Group can independently produce packaging with bespoke designs, eliminating the need for external contractors.

ENGINEERING & DESIGN DEPARTMENT

We have a highly advanced R&D department, delivering innovative and unique products to the market. With over six patented designs and technologies, our product lines are truly one of a kind.

EXTENSIVE WAREHOUSE NETWORK

OSQ Group maintains substantial reserves of raw materials and operates warehouses stocked with finished goods. This ensures swift and uninterrupted supply of packaging products.

BENEFITS OF WORKING WITH US

WE ARE MARKET PIONEERS AND LEADERS!

We have 17 years of expertise and established, stable and refined technology.

BROAD RANGE OF PRODUCTS

We cover any customer need with over 150 stock items available.

STABILITY

We have a centralised, uninterrupted supply of raw materials from a Russian high-quality cardboard supplier.

IN-HOUSE PRODUCTION

We are full-cycle manufacturers—from raw materials to finished products. We design and produce most of our products at our own production facilities.

DELIVERY GEOGRAPHY

Extensive distribution network with branches across Russia and globally, and large warehouses

WE ARE ECO-FRIENDLY

In addition to recycling waste, we actively engage in dialogue with government bodies to advocate for subsidies for eco-projects and manufacturing plants.

Guaranteed quality and food safety

We hold the broadest set of international certifications on the market, including FSCC 22000. Our quality control spans every stage of production, supported by in-house laboratories and rigorous audits.

We provide the highest level of customer service

We have the highest percentage of returning clients and years of successful collaboration. As a strategic partner, we are committed to addressing even the most complex and varied client needs.

Tailored, client-focused approach

A top-tier team covering the full cycle of creation and production, capable of delivering even the most bespoke projects. From designers to production shift leads, our team members have years of experience and deep expertise.

Only ethical and respectable business practices

We adhere strictly to a code of business ethics, ensuring full transparency and integrity in our operations.

DELIVERY & DISTRIBUTION

Thanks to our well-established supply chain, we guarantee fast and cost-efficient delivery anywhere in the world. We have built an extensive network of suppliers and regional offices to provide effective logistics for our global clients. Our experienced logistics department works closely with the sales team to recommend the most suitable delivery method, aligned with your preferred timelines.

OSQ GROUP boasts a vast distribution network across the globe. With over 200 trusted and satisfied distributors in Russia, the CIS and Europe, our partners can be found in nearly every corner of the world—growing their business alongside ours.

SMART BOWL®

OSQ SMART BOWL® is a carefully designed packaging range from OSQ, where functionality meets contemporary design. The square shape makes the containers ideal for efficient display, storage and transport. They stack neatly, helping to save space in the kitchen and during delivery. The clean white finish provides a stylish backdrop for food, enhancing its presentation and making even simple dishes look more appealing. The range is highly versatile and suitable for everything from bento cakes and salads to sushi and hot dishes. A special barrier coating provides reliable protection against moisture and grease, helping the container maintain its rigidity and neat appearance right through to serving. OSQ SMART BOWL combines practical design, contemporary minimalism and reliable performance in every detail.

Temperature range

from -30°C to +70°C

Suitable for blast freezing

Microwave-safe

No assembly required

Extensive branding potential

Versatile packaging solution

Secure lid closure

Film-sealable

Recyclable packaging

Suitable for hot and cold meals

Moisture-resistant interior and leakproof base; withstands oil and grease

Easy to stack

CASE BOWL®

OSQ CASE BOWL®: An innovative packaging solution that instantly stands out thanks to its modern, distinctive design. The integrated barrier layer prevents leakage and soaking, ensuring a clean appearance and a high standard of food presentation. Containers are easy to stack and fit snugly together. OSQ CASE BOWL is compatible with a semi-dome lid that provides additional headspace, making it suitable for larger dishes for restaurants, cafés and delivery services while ensuring an attractive product presentation. The lid clicks into place in a single motion and remains securely fastened.

ROUND BOWL

Everyone is going to like the premium OSQ ROUND BOWL collection of round containers! Perfectly rounded shapes—Europe’s No. 1 trend—stand out attractively on the shelf. This multifunctional design with high sides is ideal for storing all kinds of food: soups, porridges, ice cream, fruit, desserts, rich starters and mains. The dense cardboard and protective barrier layer make OSQ ROUND BOWL a reliable alternative to tableware—perfect for catering, delivery, ready meals or fast food outlets. Paired with matching lids, they keep food safe and fresh during transport.

ROUND BOWL WHITE EDITION

OSQ ROUND BOWL WHITE EDITION: A refined look to everyday food packaging. Made from white kraft board, the range is designed to work across a wide variety of foodservice settings, from cafés and restaurants to food courts and delivery. Its understated look makes it equally at home with casual street food concepts and more premium formats. The crisp white finish lets the food take centre stage, bringing out the colour and texture of every dish and giving even simple menu items a more polished presentation. The minimalist design gives even everyday dishes a more premium feel. Special barrier properties help protect the packaging from moisture and grease, so it keeps its shape and looks neat right through to serving. Sustainability shapes the way OSQ approaches packaging, with a focus on more considered and responsible solutions. Choosing OSQ means bringing together good design, everyday practicality and a more responsible approach to packaging.

OCTOBOX® BLACK

The premium OSQ OCTOBOX BLACK WOOD container range, featuring a patented construction with a black barrier coating, perfectly enhances product presentation and draws consumer attention. The interior is made from a fully safe, natural charcoal-based pigment. The perfect combination of warm kraft and matte black makes your product stand out advantageously among competitors. Eight reinforced corners enhance resistance to external impact while adding a sense of premium quality and visual distinction. OSQ OCTOBOX BLACK WOOD is perfectly suited for all types of food and segments of the food industry. It offers a wide size range, customisation options, and compatibility with two types of lids as well as film sealing.

SMART PACK®

The perfect solution for display and delivery. The OSQ SMART PACK is designed to showcase your product—its key feature is a large transparent window that highlights the contents inside. The double-layer laminated cardboard offers enhanced protection against grease and moisture. Secure locking mechanisms (the lid clicks shut audibly) ensure a firm seal. OSQ SMART PACK elevates your product presentation and positions it in the premium segment. Ideal for bento cakes, pastries, salads and ready-to-eat main courses.

OPSALAD BLACK WOOD

The OSQ OPSALAD BLACK WOOD containers offer practicality, refined aesthetics, and dependable performance. A wide range of sizes allows you to choose the perfect packaging for any type of food. The laminated inner coating offers strong resistance to grease and prevents corner softening. Secure-fit lids prevent accidental opening, ensuring food safety during handling. Containers are supplied pre-assembled, saving time. Their stackability supports convenient storage and efficient use.

BOX LINE

BOX LINE

An extremely versatile solution, suitable for a wide range of food products as well as gift items, industrial goods, hobby materials, jewellery, and more. The large window for product visibility reveals every detail of the contents, helping your product stand out on the shelf. Constructed from rigid kraft cardboard, the box provides 100% protection during transport. Delivered flat-packed, it assembles in just 5–10 seconds with a few simple folds. The laminated inner coating guards against grease. This line includes the most in-demand sizes, adapted to various volumes and weights.

FAST FOOD LINE

FAST FOOD LINE

The FAST FOOD LINE offers well-designed kraft packaging solutions developed specifically for fast food dishes. We have developed an optimal design that takes into account the specific characteristics of the products and their consumption scenarios. Our packaging ensures reliable protection during transport, preserving the original appearance and quality of the contents. These packaging solutions are convenient for manufacturers as they minimise labour during packing; and for consumers as they ensure comfort and safety during eating. Kraft packaging is suitable for restaurants and cafés as well as for off-site events, festivals and deliveries.
